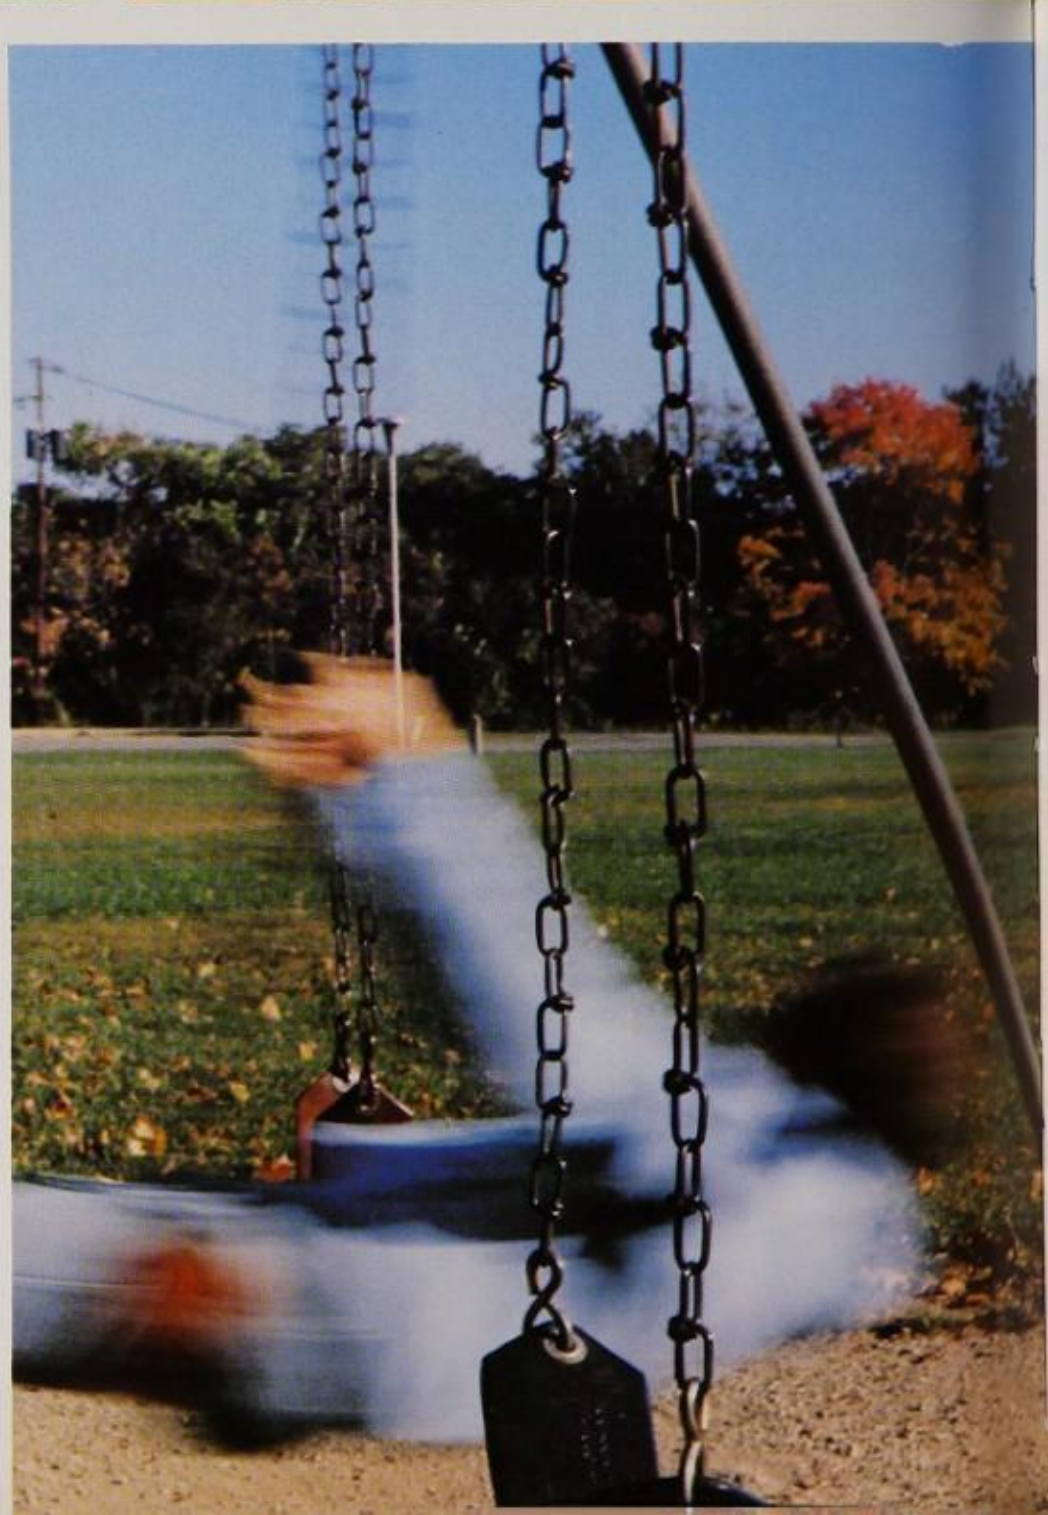
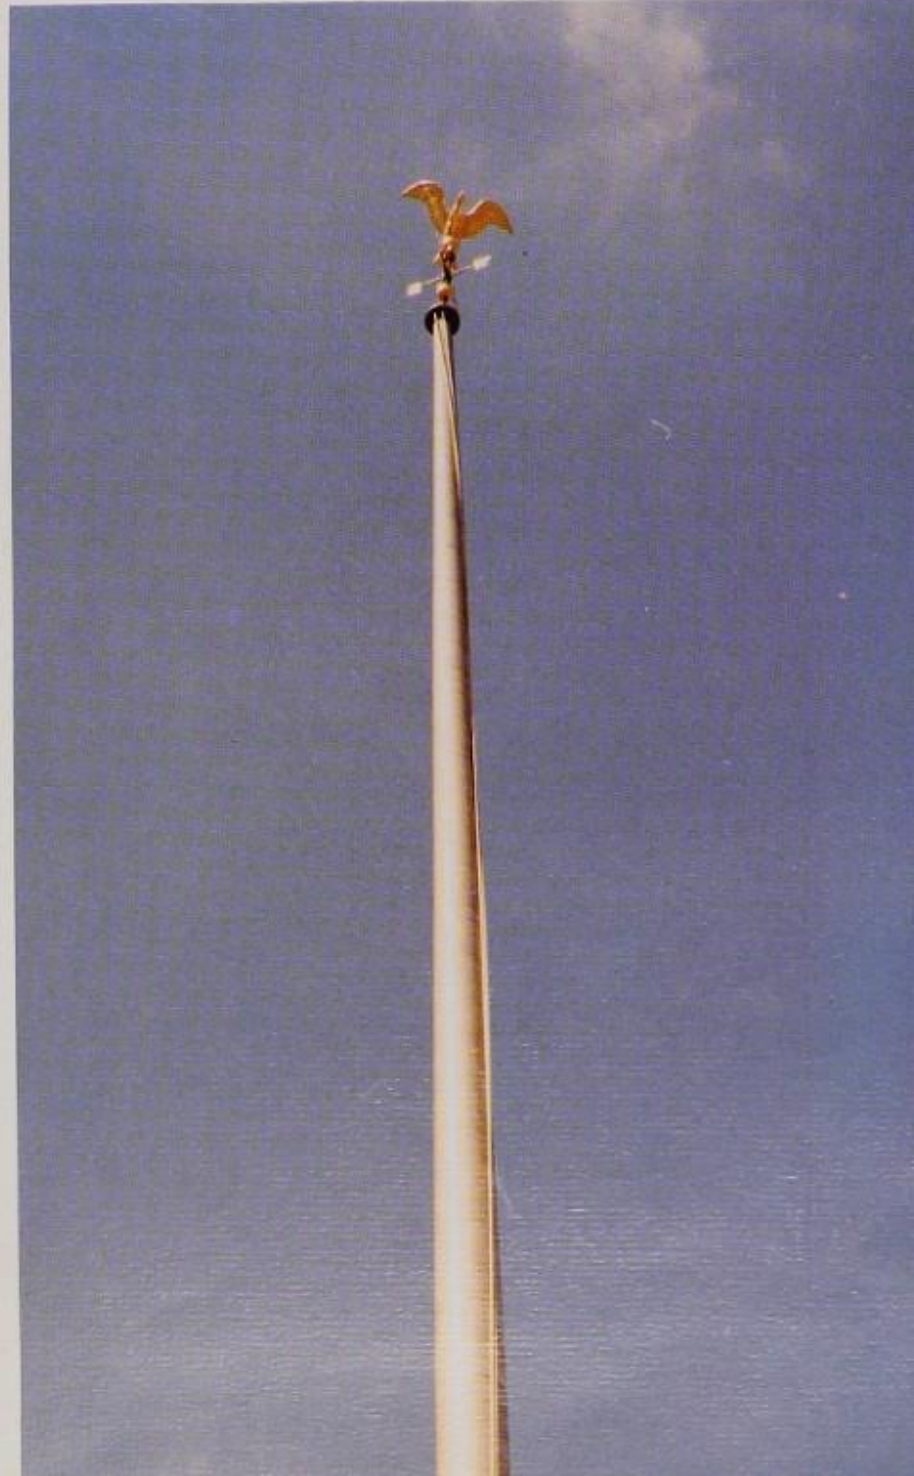
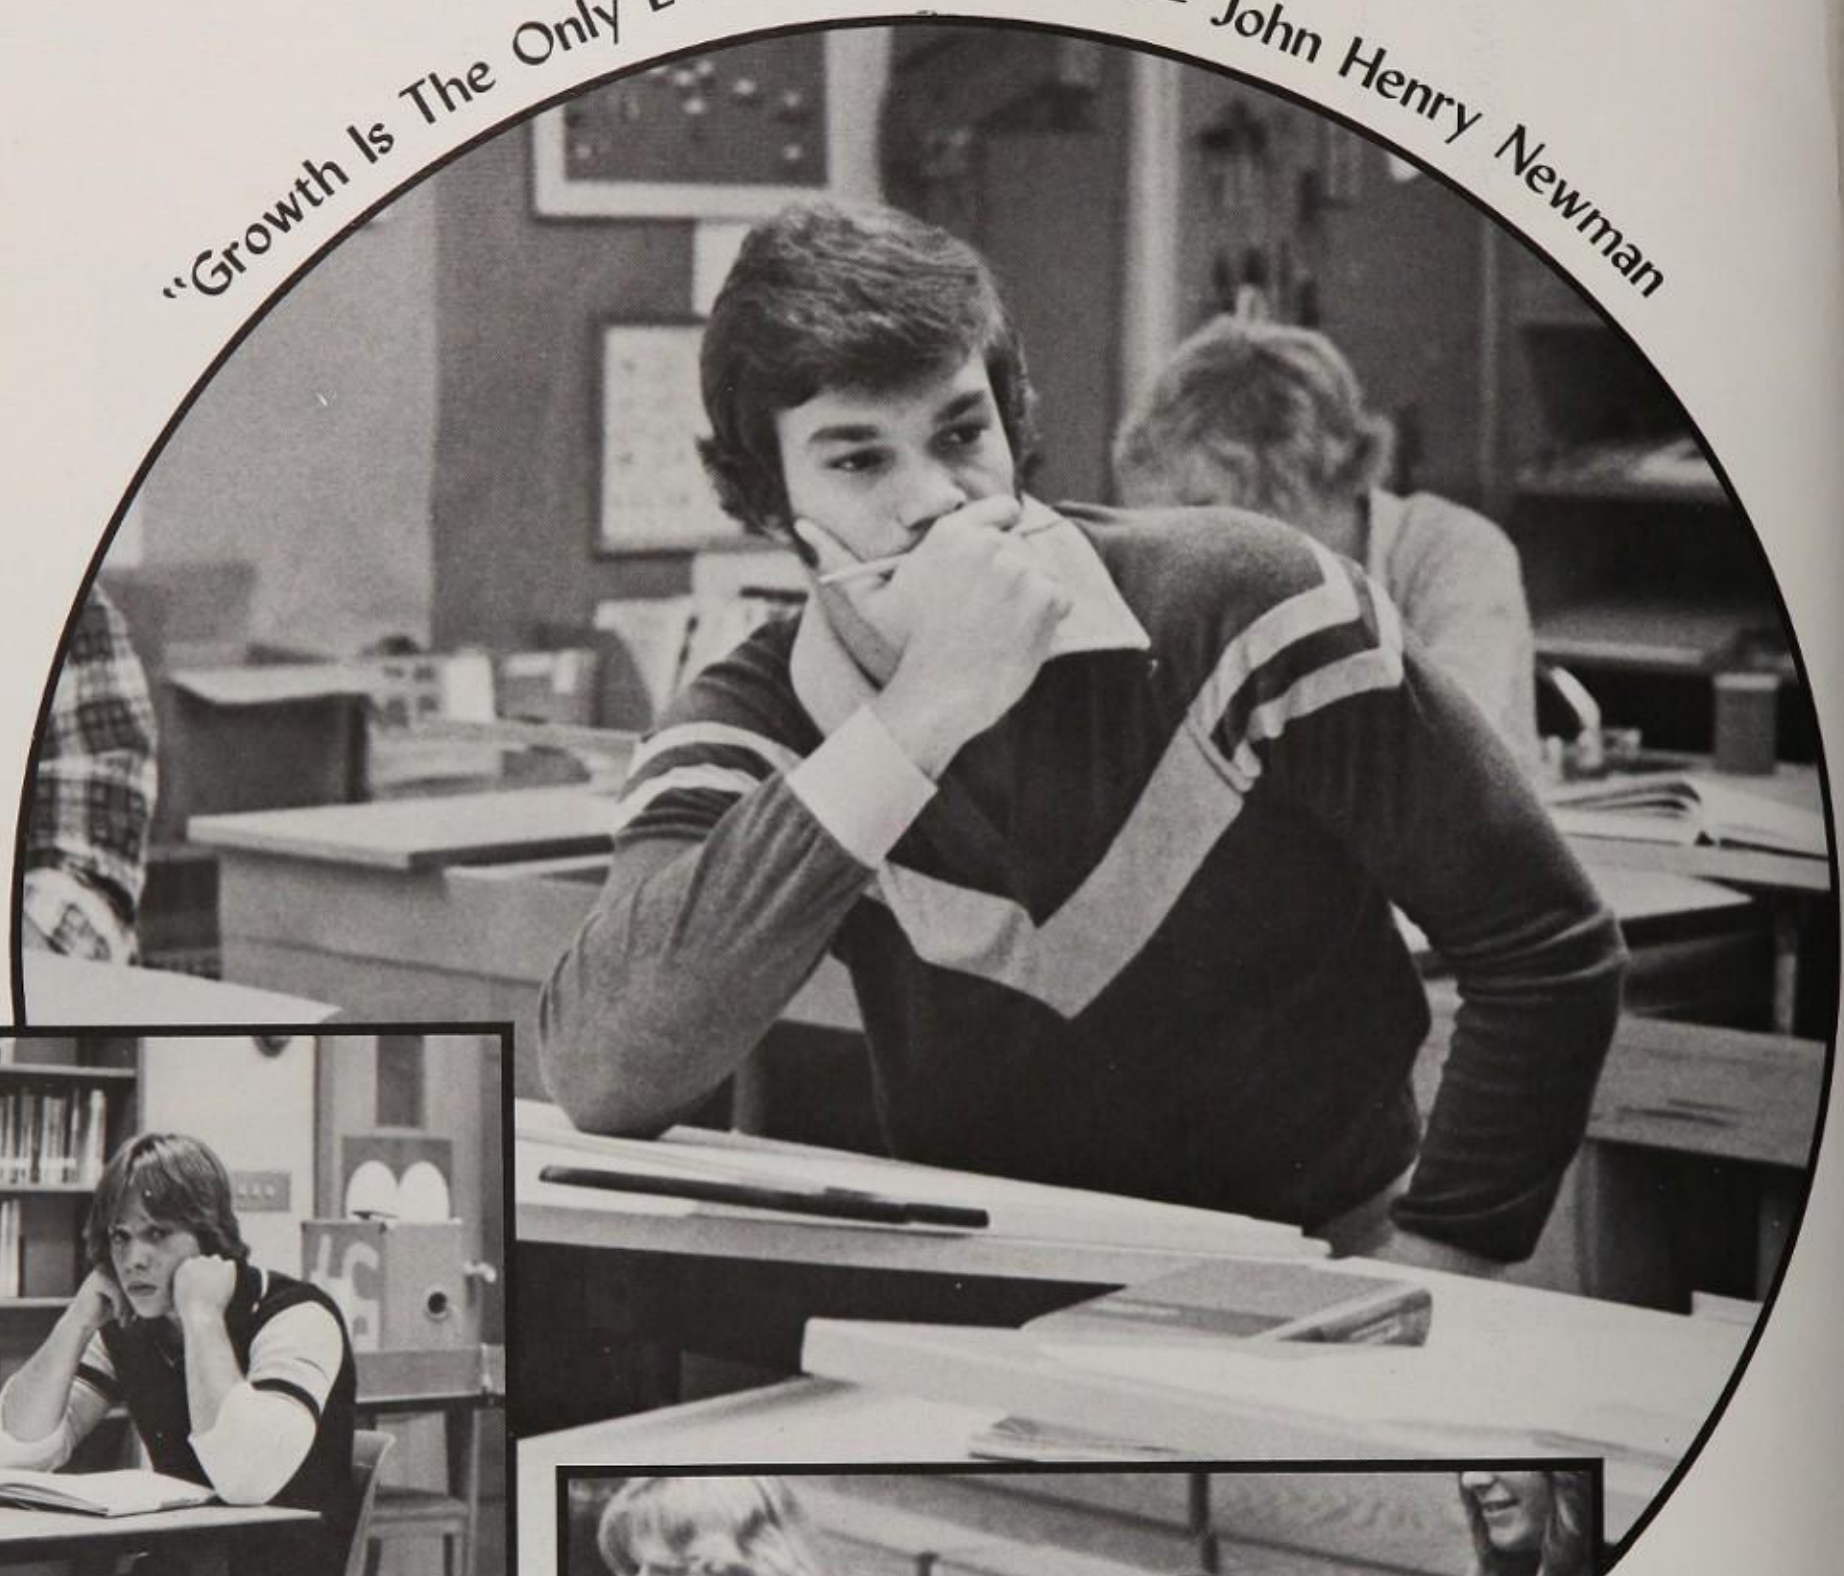
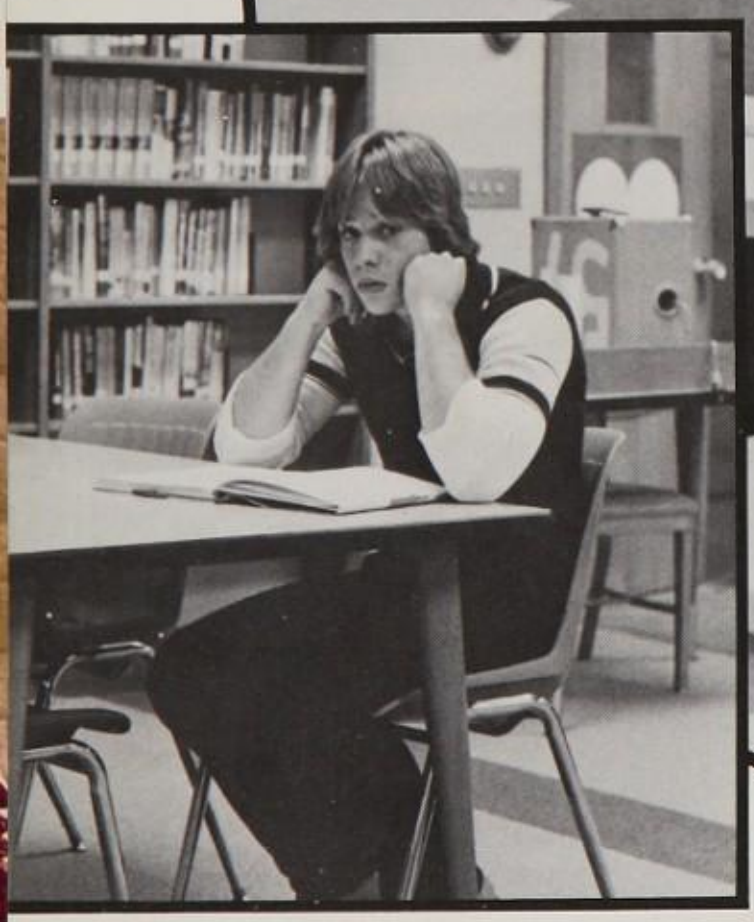
— Aldous Huxley

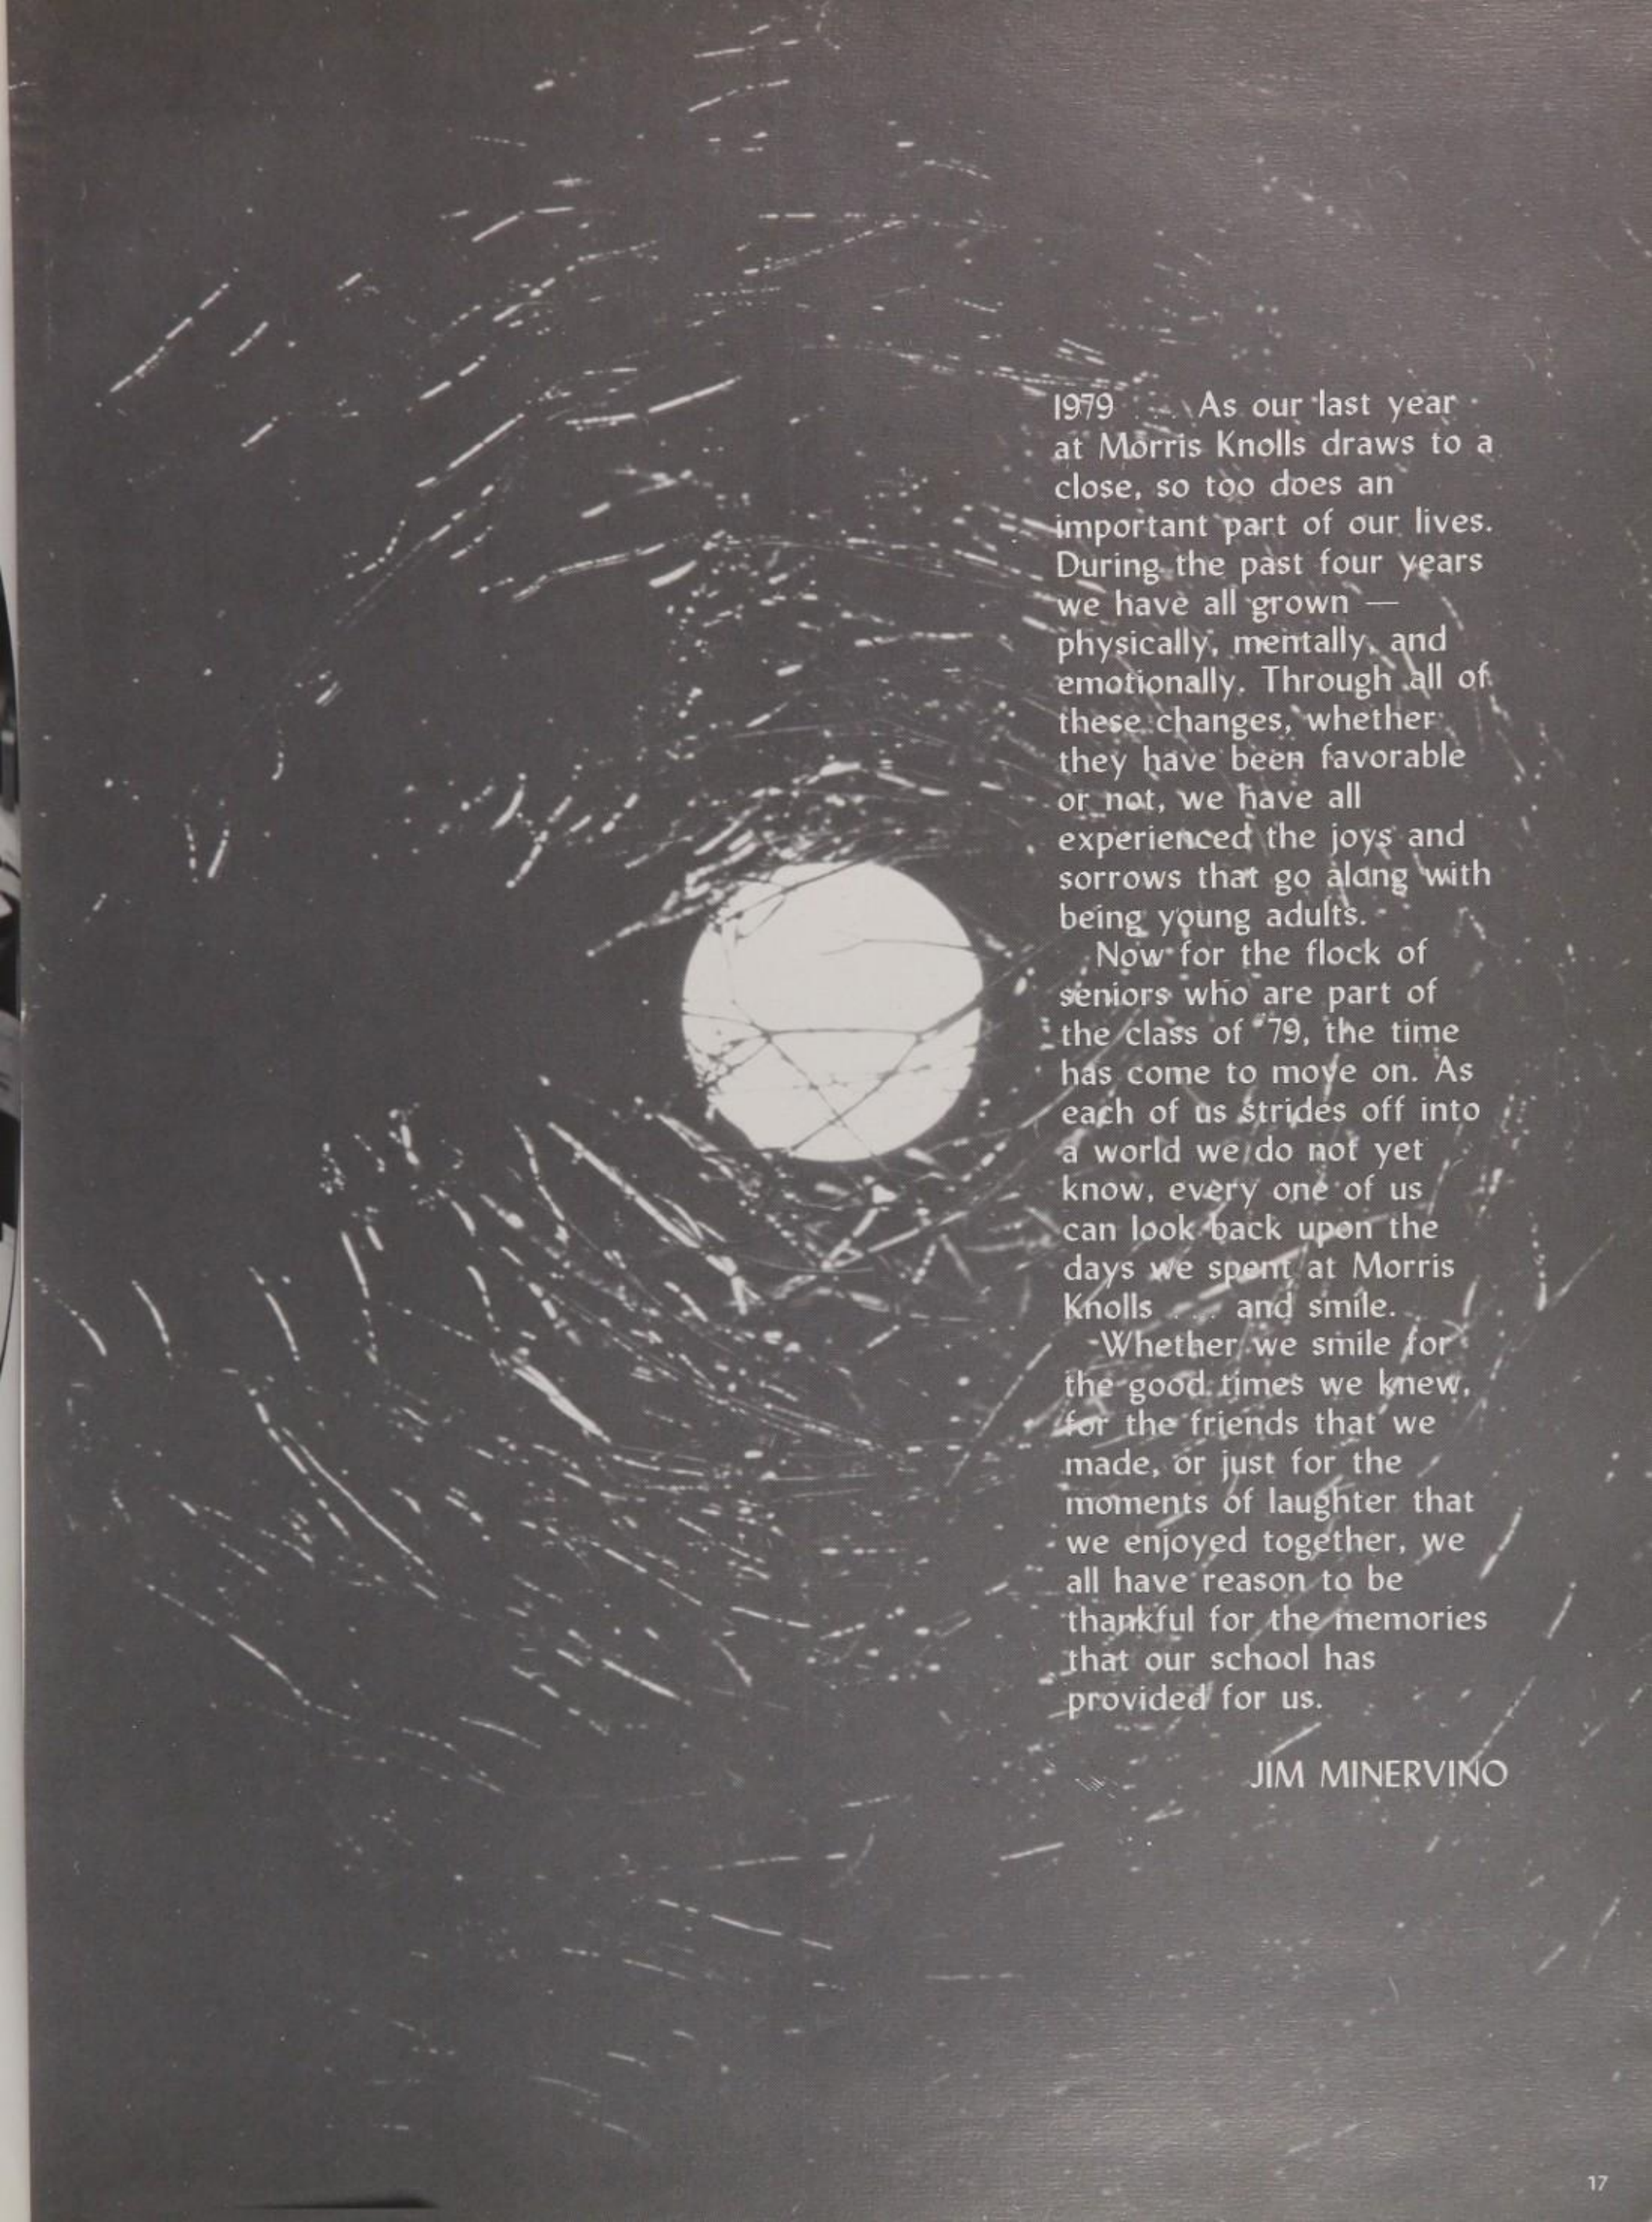




"Growth Is The Only Evidence Of Life." — John Henry Newman







1979 . . . As our last year at Morris Knolls draws to a close, so too does an important part of our lives. During the past four years we have all grown — physically, mentally, and emotionally. Through all of these changes, whether they have been favorable or not, we have all experienced the joys and sorrows that go along with being young adults.

Now for the flock of seniors who are part of the class of '79, the time has come to move on. As each of us strides off into a world we do not yet know, every one of us can look back upon the days we spent at Morris Knolls . . . and smile.

Whether we smile for the good times we knew, for the friends that we made, or just for the moments of laughter that we enjoyed together, we all have reason to be thankful for the memories that our school has provided for us.

The ideal condition
Would be I admit, that men should be
right by instinct;
But since we are all likely to go astray,
The reasonable thing is to learn from
those who can teach.

AFTERGLOW

I'd like the memory of me
to be a happy one.
I'd like to leave an afterglow
of smiles when day is done.

I'd like to leave an echo
whispering softly down the
ways,
Of happy times and laughing
times
And bright and sunny days.

I'd like the tears of those who
grieve
to dry before the sun
Of happy memories I leave
behind - when day is done.

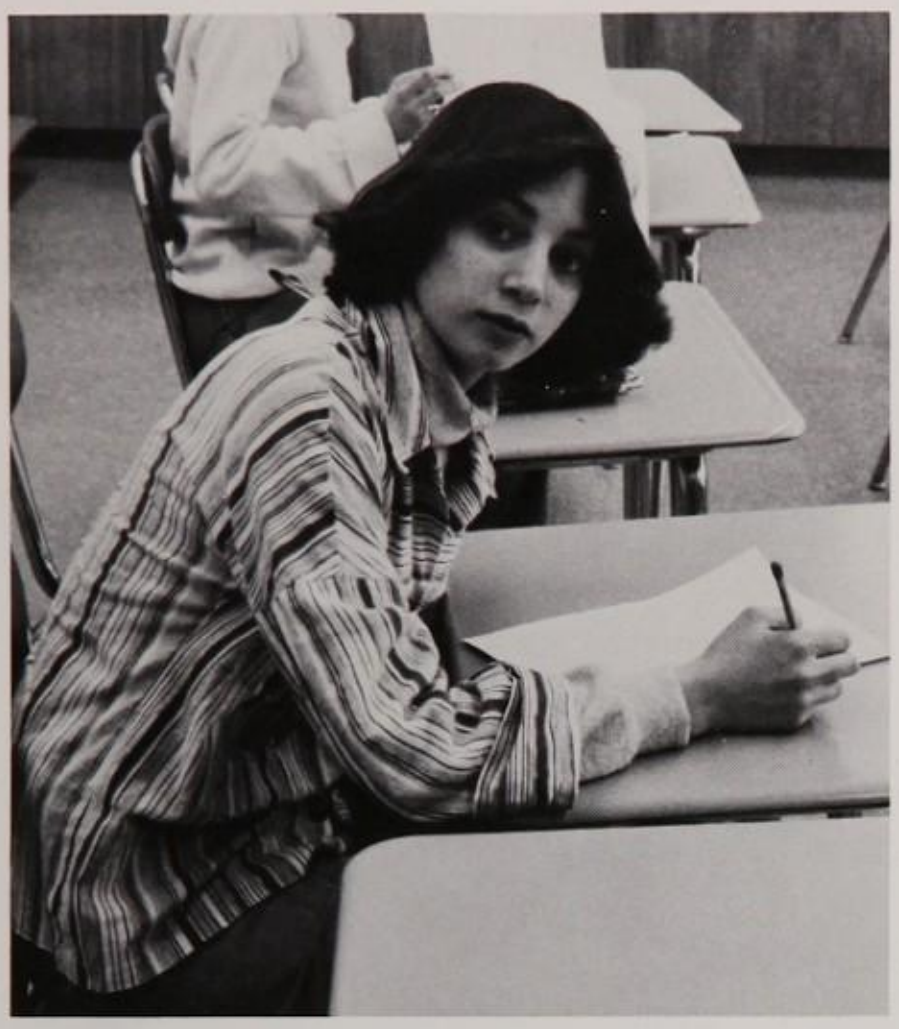
GROWTH . . .

Not Just Physical Change
But Change Through Experience

To Learn And Observe Life In
A Slow Process Which Takes
Time

To Age And Mature And
Continue To Grow Forever - One
Is Never Fully Grown.

To Live And Change Ever Learning And Maturing



From Experience Growth Comes From Inside

There Is Always Room For Change To Accept New Ideas With The Old. Growth Is A Never Ending Process.

- Joan Graveman
